Say No to Drive Thru Genealogy

Presenter: Faye Stallings, CG

Effective genealogy research involves much more than inputting names and dates in a database search engine query and keeping your fingers crossed for matches. This presentation is designed to help you learn and apply effective techniques for finding your ancestors and the stories of their lives.

Faye Jenkins Stallings is an avid genealogist conducting family history research in the south for more than 30 years. Formerly the President of the Board for Certification of Genealogists (BCG) and the President of the Federation of Genealogical Societies, she currently serves as Past President and Trustee for BCG and as a Board member for the local Montgomery County Genealogical and Historical Society. She is the Director of the FamilySearch Center in Conroe, Texas. She is also a professional genealogist at Southern Hearts Genealogy and received her Certified Genealogist credential in 2018. In her prior professional career, she was a Certified Public Accountant and held various executive positions with a Fortune 100 company. She is a sixth-generation Kentuckian and loves spending time with her family-both the living and dead.
