

WHAGS November Program

The Influence of Free and Cheap Land on Migration

Presenter: Annette Burke Lyttle, CG

From the beginnings of North American settlement, free and inexpensive land has been a spur to migration. Land grants, military bounty land, affordable public domain land, homesteads, and railroad land have all lured our ancestors to new areas. Learn how our ancestors obtained land and how to find records that will help you track their movements.

Annette Burke Lyttle owns Heritage Detective, LLC, providing professional genealogical services in research, education, and writing. She speaks on a variety of genealogical topics at the international, national, state, and local levels and loves helping people uncover and share their family stories. She is coordinator of the Foundations: The Research Process course and the Writing the Stories of Our Ancestors course for the Salt Lake Institute of Genealogy. Annette leads Best Practices Study Groups, providing in-depth education on the genealogical research process in an interactive setting. She is past president of the Association of Genealogists and editor of *The Florida Genealogist*.
