

## WHAGS November Program

### *Organize Like an Archivist: Taming Your Genealogy Records and Research*

**Presenter: Nancy Loe**

This presentation helps you put your family history research in order. Learn simple and effective strategies to organize and link your digital files and paper records, using the same principles as professional archivists.

No need for color codes, numbering systems, or other complicated schemes with this archives-based system.

And when your records are organized, you can spend more time on the things that matter: finding more ancestors.

Archivist, librarian, and genealogist **Nancy Loe** has been helping researchers with their family trees since 1977. She specializes in US and European family history research, presenting at webinars and conferences in the US, Canada, and Australia. Nancy's genealogy e-books and free monthly newsletter are available at [sassyjanegenealogy.com](http://sassyjanegenealogy.com).
